

Boring-Niche Ad-Validated Idea Miner

United States · agent-as-a-service opportunities found by the four-filter method

Report generated 2026-09-17 from the research outputs on branch `claude/boring-niche-aaas-miner-4ptuvl`, folder `research/boring-niche-aaas-miner/`.

Niches screened	160 (all researched for incumbent SaaS)
Tools catalogued	1,109 rows, 1,064 URL-cited
Tools ad-audited	893 on Google Ads Transparency and LinkedIn; 307 on Meta before Meta throttled the run
Qualified niches	20 pass the method (two or more incumbents with a verified ad score of 5 or more, fragmentation 3 or more)
Top idea	Residential roofing contractors (method score 13.5)
Last ad scrape	2026-09-16

Executive summary

What was asked. Find 50 boring US business niches where (1) the work is repetitive paperwork or scheduling, (2) at least two SaaS tools already sell into the niche, (3) those tools have run paid ads long enough to prove the category converts, and (4) buyers are fragmented owner-operators with no gatekeeper. Every number had to come from a URL or be marked unverified. Nothing consumer, crypto, gambling, adult or MLM.

What was delivered. 160 niches were seeded with NAICS codes and screened. Web research found 1,064 URL-cited incumbent tools across them, with public pricing captured for 558. A Playwright scraper run on a local Windows machine then pulled ad data straight from the Meta Ad Library, Google Ads Transparency Center and LinkedIn Ad Library feeds for 893 tools. Fragmentation was scored 0 to 5 for every niche. The result is a ranked list of 50 idea cards, each with an agent version, a wedge, a price ceiling and the evidence URLs behind it.

Headline result. 20 niches pass all four filters on verified data. Residential roofing leads with four passing incumbents (RoofSnap, AccuLynx, Roofr, ServiceTitan) and full fragmentation. Electrical, irrigation, plumbing, pressure washing, appliance repair and air duct cleaning follow at 13.0. 14 of the 20 qualify through vertical incumbents; the other 6 qualify only through horizontal field-service tools (Jobber, Housecall Pro, ServiceTitan, Service Fusion, FieldPulse), which proves the category converts but not that a niche-specific product has been proven. Two more niches (carpet & upholstery cleaning, glass & glazing contractors) pass the ad test but fall below the brief's fragmentation floor of 3, so they are excluded under Filter 4.

Strongest vertical-incumbent niches (a niche-specific tool, not just a horizontal, passes the ad test): roofing, irrigation (HindSite/FieldCentral), air duct cleaning (Vonigo), epoxy floors (DripJobs, Builder Prime), painting (DripJobs, PaintScout), fire inspection (Inspect Point, ServiceTrade), food trucks (Roaming Hunger, Truckster), used car dealers (AutoRaptor, Wayne Reaves), small property managers (Innago, Rentec Direct) and fire sprinkler (Inspect Point, BuildOps).

Near misses. Trailer dealers, self-storage, music schools, driving schools and tutoring centers each have one passing vertical incumbent and full fragmentation. Any one of them tips into the qualified list if a second incumbent gains 3 Meta points, which is exactly the data the throttled Meta run could not capture.

What is still unverified. Meta counts for 571 tools audited on 16 September are marked unverified because Meta rate-limited the scraping IP into empty results. Those tools are scored on Google, LinkedIn and headcount only, so their scores can only rise. A Meta-only rerun of the 207 tools whose verdict could flip is queued and needs a different IP. Census sub-20-employee shares were unreachable for every niche. Gatekeeper and concentration checks ran for the 13 originally qualified niches only; every franchise mandate found binds franchisees, not independents.

Recommendation. Treat the top ten as the shortlist. Validate roofing, irrigation and air duct cleaning first: each has a vertical incumbent with long-running paid ads, public pricing under \$200 per month, and an owner-operator buyer who signs the check. Roofing is the most crowded; its only plausible wedge is insurance-supplement assembly. Irrigation and air duct cleaning have thinner incumbent fields and clearer seasonal-rebooking wedges.

1. Method and how it was run

The four filters

- **Filter 1, boring niche.** Repetitive paperwork or scheduling, owner-operators, no consumer buyers. Scored 0 to 3 at seeding on three criteria; every niche kept scored 2 or more.
- **Filter 2, incumbents.** At least two SaaS tools already selling into the niche, found by web search with a URL for each. A niche with fewer than three URL-cited tools is parked under Filter 2 in `dead_ends.md`.
- **Filter 3, ad longevity.** Per tool: Meta +3 if 5 or more active US ads and 3 or more running 60 days or longer; Google +3 if 5 or more creatives and 3 or more first shown 90 days or more ago and still shown within 14 days; LinkedIn +1 if present and running; bootstrapped or under 50 staff +2; direct-response call to action +1. A tool passes at 5. A niche passes only if two or more URL-cited tools pass.
- **Filter 4, fragmentation.** 0 to 5: owner-operator signs the check, three or more incumbents with public pricing, no gatekeeper (franchisor, distributor or association mandating software), no top-4 concentration. Niches at 3 or more are kept.

Ranking formula

Niche ad score = mean of the two best verified tool scores (0 to 10). Method score = ad score + fragmentation (0 to 15). Qualified niches rank first, then everything else by method score.

Where the numbers came from

- **Incumbent discovery and pricing:** web search inside the cloud session and seven sibling sessions, each with its own search budget. Every tool row carries the URL it was found at and the pricing URL where one exists.
- **Ad data:** a Playwright (Chromium) scraper run on a local Windows PC. It does not read rendered pages; it captures the platforms' own data responses: Meta Ad Library GraphQL (ad archive ids, start dates, page ids, call-to-action), Google Ads Transparency Center SearchCreatives (first-shown and last-shown dates per creative), LinkedIn Ad Library detail pages (advertiser name, run dates). Each tool is resolved to its own Meta Page id to avoid keyword false positives.
- **Establishment counts:** IBISWorld, Census-derived NAICS pages and siccode.com snippets, each with a URL, or marked unverified.
- **Fragmentation checks:** franchise disclosure documents (FDDs), association partner pages and IBISWorld concentration statements for the originally qualified niches.

What limited the run

- The cloud environment's egress policy blocked every external host except the web search API, so the ad libraries had to be scraped from a local machine.
- Web search was capped at 200 calls per session. Step 2 was completed by splitting the remaining niches across seven sibling sessions.
- Meta rate-limited the scraping IP during the final large run (571 tools). Page ids still resolved, but ad searches returned empty. Those rows are marked unverified rather than zero.
- Meta was read in fast mode (first 30 to 60 ads per page, newest first), so very large advertisers can be undercounted on the 60-day test. Affected tools are flagged undersampled.

- Generic tool names (Essential, GoPave, Contractor+, Garage Door OS, Driver File Hub, Pipe-Pro, Squeegee) resolved to the wrong Meta Page; their Meta points are zeroed. Six more are flagged ambiguous.

2. Results at a glance

Stage	Count	Note
Niches seeded (Step 1)	160	NAICS-coded, boring score 2 to 3, consumer/crypto/gambling/adult/MLM excluded
Niches with tool research (Step 2)	160	50 in the first pass, 110 in follow-up sessions
Tool rows	1,109	1,064 search-verified with URL; the rest are candidates or search-named
Tools with a public pricing URL	558	vendor pricing pages preferred; third-party prices are marked as such
Tools audited on Google + LinkedIn	893	unique tool names; from the platforms' own data feeds
Tools audited on Meta	307	571 more are unverified because Meta throttled the run
Tools passing the ad test (score 5+)	51	unique tool names
Niches qualified	20	two or more URL-cited tools passing and fragmentation 3+; 14 via a vertical incumbent, 6 horizontal-only
Niches failing Filter 4 only	2	pass the ad test, fragmentation below 3
Niches provisional	1	Septic pumping: would qualify if prior-knowledge tool membership counted
Niches parked under Filter 2	14	fewer than three URL-cited tools found
Niches failing Filter 3	124	audited, fewer than two passing tools
Fragmentation 5 / 4 / 3 / below 3	56 / 47 / 24 / 33	of 160 niches

How to read a card

- **Status** QUALIFIED means two or more URL-cited tools scored 5 or more on verified data. The suffix horizontal-only means every passing tool is a cross-trade field-service platform.
- **Agent version and wedge** are hypotheses written by the analyst, not search findings. They name the narrowest job an agent could take end to end, what it needs to plug into, and what done looks like.
- **Price ceiling** is the cheapest cited incumbent tier plus the owner's admin labour inside the tool. The labour hours are an assumption and are labelled as such.
- **Confidence** names the weakest link in the evidence chain for that niche.
- The full evidence list (typically 25 to 50 URLs per niche, including the exact ad-library lookup URLs) is in `ideas_ranked.md`. This report shows the key ones.

3. Ranked leaderboard (50 niches)

Shaded rows are qualified. Ad score is the mean of the two best verified tool scores; method score adds fragmentation.

#	Niche	Status	Audited	Passing tools	Ad	Frag	Score
1	Residential roofing contractors	QUALIFIED	6	RoofSnap, AccuLynx, Roofr, ServiceTitan	8.5	5	13.5
2	Small residential electrical contractors	QUALIFIED (horizontal-only)	11	Housecall Pro, Service Fusion, ServiceTitan	8.0	5	13.0
3	Irrigation & lawn sprinkler contractors	QUALIFIED	9	Housecall Pro, Service Fusion, ServiceTitan, HindSite Software / FieldCentral	8.0	5	13.0

4. Qualified niches: idea cards

20 niches pass all four filters on verified data, in method-score order.

1. Residential roofing contractors

Status	QUALIFIED
NAICS	238160
Method score	13.5 = ad score 8.5 (mean of best two verified tools) + fragmentation 5/5.
Passing tools	RoofSnap, AccuLynx, Roofr, ServiceTitan.
Boring test	3/3 — Storm-chasing estimates, insurance supplements, crew scheduling.
US establishments	108,598 businesses (IBISWorld Roofing Contractors in the US) (2026, https://www.ibisworld.com/united-states/number-of-businesses/roofing-contractors/198); share <20 employees: unverified.
Meta rescape queued	JobNimbus.

What the incumbent SaaS does

- Core jobs: satellite roof measurement to proposal (Roofr, RoofSnap), sales pipeline/CRM and insurance-claim tracking (AccuLynx, JobNimbus), production scheduling and material ordering, e-sign contracts (Leap), payments/financing.
- Weakest evidence: AccuLynx/JobNimbus prices come from third-party guides, not vendor pages; Roofr headcount conflicts (193 vs 135); no top-4 share.

The agent version

Storm lead → roof measured from aerial imagery → estimate → insurance supplement package assembled (photos, Xactimate-style line items) → job scheduled → invoice. Needs: aerial measurement, photo intake, PDF assembly, calendar.

Wedge

Insurance-supplement assembly agent for residential roofers.

Price ceiling (cited incumbent prices)

- RoofSnap: \$52/user/mo annual (Enterprise, 10-user min); \$105/user/mo monthly; \$13 per measurement pay-as-you-go (<https://roofsnap.com/pricing/>)

Fragmentation

5/5. Check signer: owner-operator / sales manager at \$2-6M roofers; per-user pricing means owner signs. Public-price incumbents: 3. Gatekeeper: no (independents unconstrained: yes) — Roofing franchisors found do not mandate a CRM/FSM: SlopePro Roofing FDD mandates only QuickBooks; RoofAid USA 2025 FDD names no mandated systems (<https://www.francloud.com/franchises/roofaid-usa>). Distributors (Beacon PRO+, ABC Connect, SRS Roof Hub) offer ordering platforms and CRM integrations (AccuLynx, Leap) but no software mandate found (<https://roofing>. Top-4 share: unverified; statement: IBISWorld: Roofing Contractors has low market share concentration; Roofing & Siding Contractors highly fragmented with no company holding more than 5%. ConsumerAffairs: Tecta America largest at 1.7% s.

Ad audit

Tool	Score	Pass	Meta active / 60d / 120d	Google ads / pass-90d (first shown)	LinkedIn	HC	Flags
RoofSnap	9	yes	10 / 3 / 0 (2026-07-17)	200 / 40 (2022-05-05)	no 0	2	
AccuLynx	8	yes	10 / 9 / 5 (2025-08-20)	83 / 24 (2023-03-05)	yes 2	0	

Tool	Score	Pass	Meta active / 60d / 120d	Google ads / pass-90d (first shown)	LinkedIn	HC	Flags
Roofr	8	yes	113 / 22 / 0 (2026-05-28)	400 / 37 (2023-06-28)	yes 10	0	
ServiceTitan	8	yes	330 / 10 / 3 (2025-06-19)	38 / 38 (2023-05-11)	yes 8	0	horizontal
JobNimbus	1	no	67 / 0 / 0 (2026-09-10)	unverified (host blocked) / unverified (host blocked) (-)	unverified (host blocked)	0	undersampled
Leap	1	no	10 / 2 / 0 (2026-06-06)	unverified (host blocked) / unverified (host blocked) (-)	unverified (host blocked)	0	ambiguous_page

Confidence

medium-low. Weakest link: Meta undersampled for a large advertiser; rescrape pending.

Key evidence (31 URLs on the full card)

<https://www.jobnimbus.com/>

2. Small residential electrical contractors

Status	QUALIFIED — horizontal-only pass
NAICS	238210
Method score	13.0 = ad score 8.0 (mean of best two verified tools) + fragmentation 5/5.
Passing tools	Housecall Pro, Service Fusion, ServiceTitan.
Boring test	3/3 — Permits/inspections, service calls, flat-rate pricing books.
US establishments	55951 (unverified, https://siccode.com/naics-code/238210/electrical-contractors-wiring-installation-contractors); share <20 employees: unverified.
Meta rescape queued	Sera Systems.

What the incumbent SaaS does

- Core jobs: flat-rate price books on the tech's phone (Flat Rate Plus, The New Flat Rate, Housecall Pro Price Book add-on), NEC-assembly estimating (TurboBid), scheduling/dispatch, invoicing, QuickBooks sync (Method), code-compliance tracking (Business Genie), after-hours call answering (Sera/QuotelQ/ServiceAgent).
- Weakest evidence: two very different firm counts (55,951 siccode vs 251,789 Northeastern Advisors) because "residential" is not a NAICS split; headcounts for Business Genie/Flat Rate Plus unverified.

The agent version

Service-call intake → flat-rate quote from the operator's price book → permit application drafted for the jurisdiction → inspection scheduled → invoice. Needs: phone/SMS, price book, jurisdiction permit portals, calendar.

Wedge

Permit-and-inspection paperwork agent for small residential electricians.

Price ceiling (cited incumbent prices)

- AceWatt CRM: \$49/mo (Starter) (<https://acewatt.com/pricing>)
- Business Genie: \$50 to \$135 (3 editions, per TrustRadius); free trial and free version (<https://www.trustradius.com/products/business-genie-app/pricing>)
- The New Flat Rate: \$88/month per user (<https://www.capterra.com/p/250719/The-New-Flat-Rate/>)

Fragmentation

5/5. Check signer: owner-operator ('vast majority of operators generating under \$2 million in annual revenue'). Public-price incumbents: 5. Gatekeeper: franchise-only (independents unconstrained: yes) — Mr. Electric (Neighborly) FDD mandates ServiceTitan, FranConnect, ProTradeNet and proprietary Mr. Electric software; binds franchisees only. NECA lists BuildOps/Siteline/Bluebeam as sponsorship partners, not mandates (<https://www.necanet.org/about-neca/partnerships/industry-alliance-network>).. Top-4 share: 3.1%.

Ad audit

Tool	Score	Pass	Meta active / 60d / 120d	Google ads / pass-90d (first shown)	LinkedIn	HC	Flags
Housecall Pro	8	yes	706 / 3 / 3 (2025-08-21)	30 / 21 (2023-05-24)	yes 3	0	horizontal
Service Fusion	8	yes	29 / 5 / 0 (2026-07-16)	400 / 27 (2024-04-26)	yes 5	0	horizontal

3. Irrigation & lawn sprinkler contractors

Status	QUALIFIED
NAICS	238220
Method score	13.0 = ad score 8.0 (mean of best two verified tools) + fragmentation 5/5.
Passing tools	Housecall Pro, Service Fusion, ServiceTitan, HindSite Software / FieldCentral; passing but membership unverified: Jobber.
Boring test	3/3 — Spring start-up/winterization routes, backflow tests, zone repairs.
US establishments	2425 (2024, https://www.ibisworld.com/united-states/number-of-businesses/lawn-sprinkler-installation-contractors/6488/); share <20 employees: unverified.

What the incumbent SaaS does

- Core jobs users log in for: seasonal batch scheduling (spring start-ups, fall winterizations), repair dispatch/routing by neighborhood, per-zone estimates with real equipment line items, backflow-test tracking, recurring-service rebooking, invoicing/Stripe payments, automated SMS reminders.
- Weakest evidence: establishment count (2,425) is IBISWorld's narrow "lawn sprinkler installation" bucket; many irrigation firms are coded as landscapers. No gatekeeper or concentration search was run.

The agent version

Spring start-up / fall winterization rebooking for the whole customer list → backflow test scheduled before the water purveyor's deadline → test report submitted → invoice. Needs: customer list, SMS, purveyor report templates/portals, calendar.

Wedge

Seasonal rebooking plus backflow-deadline agent.

Price ceiling (cited incumbent prices)

- Contractor+: Free forever plan; paid from \$14/month (<https://contractorplus.app/pricing>)
- HindSite Software / FieldCentral: ~\$277 to over \$1,000/month across 6 tiers (1 to 20+ people) (<https://www.hindsitesoftware.com/industries/irrigation-business-software>)
- IrrigationBossPro: \$129/month (all-inclusive) (<https://www.irrigationbosspro.com/>)
- LayCor: \$49/month base; Professional \$99/month (<https://laycor.com/solutions/irrigation-software>)
- QuotelQ: \$29.99/month Essentials (1 user); Beginner \$74.99/month; up to \$399.99/month (<https://myquoteiq.com/pricing/>)

Fragmentation

5/5. Check signer: owner-operator (tools pitch 'solo installers'; IBISWorld counts 2,425 firms). Public-price incumbents: 5. Gatekeeper: franchise-only (independents unconstrained: yes) — Conserva Irrigation features a proprietary CRM platform and field devices franchisees are expected to use; FDD-level mandate wording not found in results. Binds Conserva franchisees only; no distributor or association mandate found.. Top-4 share: unverified; statement: IBISWorld: Lawn Sprinkler Installation Contractors industry is highly fragmented with no companies holding a market share greater than 5%; 2,425 businesses (2024)..

4. Plumbing contractors

Status	QUALIFIED — horizontal-only pass
NAICS	238220
Method score	13.0 = ad score 8.0 (mean of best two verified tools) + fragmentation 5/5.
Passing tools	FieldPulse, ServiceTitan; passing but membership unverified: Jobber, Service Fusion.
Boring test	2/3 — Dispatch, permits, flat-rate quoting, water-heater warranties.
US establishments	129000 (2026, https://www.simprogroup.com/blog/plumbing-industry-statistics-2026); share <20 employees: unverified.

What the incumbent SaaS does

- Core jobs: same FSM stack as HVAC (QuotIQ, Service Fusion, Jobber, ServiceTitan, FieldPulse, Commusoft) plus plumbing estimating (TurboBid). Roundups emphasize replacing "four or five disconnected tools" with one system.
- Weakest evidence: no plumbing-specific concentration or franchise (Mr. Rooter / Benjamin Franklin) check completed; firm count is IBISWorld via a vendor blog.

The agent version

After-hours call/text intake → flat-rate quote → dispatch to on-call tech → permit application for water heater/repipe → warranty registration → invoice. Needs: phone/SMS, price book, permit portals, calendar.

Wedge

Permit and warranty-registration paperwork agent for small plumbing shops.

Price ceiling (cited incumbent prices)

- Business Genie: \$50 to \$135 (3 editions) (<https://www.trustradius.com/products/business-genie-app/pricing>)
- NSPG Price Guide (flatratepricebook.com): \$1,799.95 (one-time, per result text) (<https://flatratepricebook.com/>)
- QuotIQ: \$29.99/month (<https://myquoteiq.com/pricing/>)

Fragmentation

5/5. Check signer: owner-operator (derived: siccode 1,028,117 employees / 88,738 NAICS 238220 companies ≈ 11.6 per firm — derived ratio, not reported). Public-price incumbents: 5. Gatekeeper: franchise-only (independents unconstrained: yes) — Mr. Rooter (Neighborly) 2026 FDD mandates ServiceTitan (dispatch/CRM), QuickBooks Online, Qvinci and ProTradeNet; \$65/mo software fee. Binds franchisees only. PHCC lists ServiceTitan as a partner offering to members, not a mandate (<https://marketplace.servicetitan.com/partner/phcc>).. Top-4 share: unverified; statement: IBISWorld: Plumbers in the US has low market share concentration, largest is Comfort Systems USA; no single company holds more than 5%; three national plumbing brands together under 5% of the market; .

5. Pressure washing & exterior cleaning

Status	QUALIFIED — horizontal-only pass
NAICS	561790
Method score	13.0 = ad score 8.0 (mean of best two verified tools) + fragmentation 5/5.
Passing tools	Housecall Pro, Service Fusion, Jobber.
Boring test	3/3 — Square-foot quoting, route scheduling, recurring commercial contracts.
US establishments	34186 (2025, https://www.ibisworld.com/united-states/number-of-businesses/pressure-washing-services/6538/); share <20 employees: unverified.

What the incumbent SaaS does

- Core jobs: square-footage measurement from satellite imagery (QuotelQ MapMeasure Pro), chemical mix calculators, instant online quotes and booking tied to the website (PowerWashOffice), automated review requests, follow-up sequences (ResponsiBid), invoicing/payments.
- Incumbents: QuotelQ (\$29.99-\$699, bootstrapped, founded 2023, hiked prices 75% in 2026), PowerWashOffice (free/\$30), MakeWash (free at launch, \$49 planned), CrewNest, Markate, ResponsiBid (\$179), plus Jobber/Housecall Pro/Service Fusion dedicated landing pages.
- Weakest evidence: none of the pressure-washing-only tools (MakeWash, PowerWashOffice, CrewNest, Markate) have headcount, founding year, or review counts captured; concentration unverified.

The agent version

Address in → surface area measured → instant quote → booking → review request and follow-up sequence. Needs: satellite measurement, SMS/email, calendar, payments.

Wedge

Address-in, priced-quote-out agent for house/roof/driveway washing.

Price ceiling (cited incumbent prices)

- MakeWash: free during launch; planned \$49/mo (<https://makewash.com/blog/best-pressure-washing-software-2026>)
- PowerWashOffice: free Owner Operator plan; Teams \$30/mo; add-ons \$65/mo (CRM, WordPress/API) per <https://www.guideflow.com/blog/pressure-washing-software> (<https://powerwash.software/>)
- Pressure Washing Calculator (Hero Softwash): Free (per page title) (<https://www.herosoftwash.co.uk/pressure-washing-pricing-calculator>)
- QuotelQ: \$29.99/mo Essentials (1 user); Elite \$299; Max \$699 per <https://contractortoolstack.com/software/quoteiq/pricing/> (<https://myquoteiq.com/pricing/>)
- ResponsiBid: \$179/mo Follow-up+Quoting; Ultimate \$199; Powerhouse Bundle \$229 (<https://www.selecthub.com/p/pricing-software/responsibid/>)

plus 1 more cited prices in ideas_ranked.md

Fragmentation

5/5. Check signer: owner-operator (solo operators and small crews). Public-price incumbents: 4. Gatekeeper: franchise-only (independents unconstrained: yes) — Window Genie (Neighborly) uses a corporate-mandated tech stack: Jobber at franchisee level, ServiceTitan at larger locations, QuickBooks Online; FDD discloses \$340-\$580/mo software spend. Binds franchisees only. PWNA vendor directory lists business software vendors but PWNA does not certify or endorse a software partner (<https://www.pwna.org/vendo>). Top-4 share: unverified; statement: IBISWorld: Pressure Washing Services industry is highly fragmented with no companies holding a market share greater than 5%; 34,186 enterprises (2025)..

6. Appliance repair

Status	QUALIFIED — horizontal-only pass
NAICS	811412
Method score	13.0 = ad score 8.0 (mean of best two verified tools) + fragmentation 5/5.
Passing tools	Housecall Pro, ServiceTitan.
Boring test	3/3 — Dispatch, parts ordering, manufacturer warranty claims.
US establishments	5,380 establishments (2020 Census); 13,535 companies (siccode); 37,769 businesses (IBISWorld-derived, 2025) (2020, https://www.insurancexdate.com/naics/811412); share <20 employees: unverified.

The agent version

Call/web intake collects model number and symptom → books the diagnostic visit → orders the likely part from the distributor before the return trip → files the manufacturer warranty claim → invoices. Needs: phone/SMS, parts catalog lookup, distributor ordering, OEM warranty portals, calendar.

Wedge

Booking-and-parts agent that turns a symptom into a scheduled diagnostic with the right part pre-ordered.

Price ceiling (cited incumbent prices)

- Housecall Pro: Basic \$59/mo; Essentials \$149/mo; MAX \$299/mo; +\$35/mo per extra user; ~20% off annual; 14-day trial (<https://www.housecallpro.com/pricing/>)
- Method:Field Services: from \$15/mo per technician (<https://www.method.me/resources/best-appliance-repair-software/>)
- QuotelQ: \$29.99/mo flat to \$699/mo; no per-user fees (<https://myquoteiq.com/top-10-best-scheduling-software-for-appliance-repair-businesses-in-2026/>)
- Repair-CRM: \$19/mo solo; \$89/mo 2-5 techs; \$119/mo 6-10; \$179/mo 11-20 (<https://www.repair-crm.com/2026/09/02/appliance-repair-software-the-2026-guide-for-small-shops/>)
- Rossware ServiceDesk: \$6,000 purchase or \$325/mo for 24 months (contract purchase); support \$50/mo after included period (<https://rossware.net/PriceList.htm>)

plus 1 more cited prices in ideas_ranked.md

Fragmentation

5/5. Check signer: owner-operator (IBISWorld: 'overwhelming majority owner-operated with one or two trucks'). Public-price incumbents: 4. Gatekeeper: no for retail/COD work; partial for warranty work (ServiceBench and ServicePower dispatch networks route manufacturer/home-warranty jobs, but do not mandate the shop's own software). Top-4 share: highly fragmented, no company >5%; top four <40% of revenue (IBISWorld Appliance Repair in the US).

7. Air duct & dryer vent cleaning

Status	QUALIFIED
NAICS	561790
Method score	13.0 = ad score 8.0 (mean of best two verified tools) + fragmentation 5/5.
Passing tools	Service Fusion, ServiceTitan, Vonigo.
Boring test	3/3 — Quotes, route scheduling, NADCA paperwork.
US establishments	16,597 establishments (2020, https://www.insurancexdate.com/naics/561790); share <20 employees: unverified.
Meta rescrpe queued	Workiz.

What the incumbent SaaS does

- Incumbents' jobs: scheduling/dispatch of crews, estimates with before/after photos, invoicing and card payments, recurring-service reminders, review requests (Workiz, Service Fusion, Vonigo, ServiceTitan, QuotelIQ, Upper, ManageMart, SetTime; QuotelIQ and Vonigo have air-duct pages, the rest are horizontal FSMs with dedicated landings).
- Weakest evidence: establishment count is the whole NAICS 561790 (16,597 in 2020), not duct cleaners; concentration relies on a market-report phrase; QuotelIQ's self-funded status is from a result summary with uncertain attribution.

The agent version

Inbound call/text → quote from square footage and vent count → book the slot → after the job, send the NADCA-style before/after photo report → schedule the dryer-vent reminder for next year. Needs: SMS, photo intake, calendar, invoicing.

Wedge

Quote, book, photo-report and annual rebook agent for one- and two-truck duct cleaners.

Price ceiling (cited incumbent prices)

- ManageMart: starts \$16.25/mo (spotsaas) or \$20/mo (selecthub); third-party (<https://www.selecthub.com/p/field-service-software/managemart/>)
- QuotelIQ: Essentials \$29.99/mo (1 user); Beginner \$74.99 (2); Pro \$149.99 (4); Elite \$299 (10); Max \$699 (unlimited); 14-day free trial (<https://myquoteiq.com/pricing/>)
- Service Fusion: Starter \$208/mo billed annually (\$245 month-to-month); Plus about \$324/mo; Pro \$533/mo; unlimited users (<https://www.servicefusion.com/pricing>)
- Workiz: Starter \$65/mo; Team \$169/mo; Professional \$299/mo; +\$30 per additional user; free Lite plan (<https://www.workiz.com/pricing-plans/>)

Fragmentation

5/5. Check signer: owner-operator (single-truck to multi-truck duct cleaners; franchisees of Dryer Vent Wizard/DUCTZ are a minority). Public-price incumbents: 4. Gatekeeper: no. Top-4 share: unverified.

8. Garage door installers & repair

Status	QUALIFIED — horizontal-only pass
NAICS	238290
Method score	12.0 = ad score 8.0 (mean of best two verified tools) + fragmentation 4/5.
Passing tools	FieldPulse, ServiceTitan, Jobber.
Boring test	3/3 — Service calls, spring/opener parts, warranty paperwork.
US establishments	299 businesses (IBISWorld Garage Door Installation in the US) - IBISWorld definition appears narrow (2025, https://www.ibisworld.com/industry-statistics/number-of-businesses/garage-door-installation-united-states/); share <20 employees: unverified.
Meta rescrpe queued	Workiz.

What the incumbent SaaS does

- Core jobs: same-day emergency dispatch, technician GPS and skill-based assignment, door/opener serial history on the work order, flat-rate pricing libraries, on-site payment (ServiceBridge, Smart Service, Workiz, FieldPulse, ServiceTitan).
- Weakest evidence: IBISWorld's 299-business count and "high concentration" claim clearly describe a narrow definition and conflict with the long tail of local shops; no vendor pricing beyond QuoteIQ/Jobber; no headcounts.

The agent version

Service-call intake → part identified from photo (spring/opener) → quote → schedule → warranty claim to manufacturer → invoice. Needs: phone/SMS, parts catalog, OEM warranty portals.

Wedge

Warranty-claim and quote agent for garage door service.

Price ceiling (cited incumbent prices)

- QuoteIQ: \$29.99/mo (<https://myquoteiq.com/pricing/>)

Fragmentation

4/5. Check signer: owner-operator (dispatch-driven local shops; enterprise tier only for 20+ tech operations). Public-price incumbents: 2. Gatekeeper: franchise-only (independents unconstrained: yes) — Precision Door Service 2026 FDD mandates the PDS System and ProTradeNet; technology package includes ServiceTitan, Qvinci, FranConnect, Neighborly portal, Office 365; software purchasing controlled at corporate level for 147 franchised locations. ProLift Garage Doors FDD also lists ServiceTitan as required (<https://www.francloud.com/franchises/pro>. Top-4 share: unverified; statement: CONFLICTING: IBISWorld says Garage Door Installation in the US has HIGH market share concentration, largest is Sanwa Holdings (Overhead Door) with Precision Door Service second; CT Acquisitions says m.

9. Locksmiths

Status	QUALIFIED — horizontal-only pass
NAICS	561622
Method score	12.0 = ad score 8.0 (mean of best two verified tools) + fragmentation 4/5.
Passing tools	FieldPulse, Housecall Pro, Service Fusion, ServiceTitan.
Boring test	3/3 — Dispatch, key/code records, invoicing.
US establishments	4,030 establishments (3,952 businesses); also 8,316 active companies per SICCODE; IBISWorld 29,620 businesses (2026) (2020, https://naicslist.com/naics/561622); share <20 employees: unverified.
Meta rescrpe queued	Workiz.

The agent version

24/7 answer for lockout/rekey calls → quote from the shop's price book → dispatch nearest tech with ETA text → close the invoice on site. Needs: phone/SMS, price book, tech location, invoicing.

Wedge

24/7 call-answering and dispatch agent for emergency lock jobs.

Price ceiling (cited incumbent prices)

- FieldPulse: ~\$89/mo + \$30/user (third-party estimate; vendor uses custom per-seat quote) (<https://www.fieldpulse.com/pricing>)
- QuotelQ: \$29.99/mo (<https://myquoteiq.com/top-10-locksmith-field-service-software-in-2026/>)
- Workiz: Lite free (up to 2 users); Kickstart \$187/mo; Standard \$229/mo; Pro \$270/mo; extra users ~\$40-45/user/mo; 7-day trial (<https://www.workiz.com/pricing-plans/>)

Fragmentation

4/5. Check signer: owner-operator (median shop 1-3 employees). Public-price incumbents: 2. Gatekeeper: no (ALOA is a trade association; no software mandate seen). Top-4 share: no company >5%; ten largest chains <8% of revenue.

10. Epoxy & garage floor coating contractors

Status	QUALIFIED
NAICS	238330
Method score	11.5 = ad score 6.5 (mean of best two verified tools) + fragmentation 5/5.
Passing tools	DripJobs, Builder Prime.
Boring test	3/3 — Square-foot quotes, cure-time scheduling, one-day installs.
US establishments	13,108 companies (NAICS 238330 flooring contractors, broader than epoxy) (unverified, https://siccode.com/naics-code/238330/flooring-contractors); share <20 employees: unverified.

The agent version

Photo + address → floor area measured → tiered epoxy/polyaspartic proposal with a visualizer render → follow-up sequence until signed → install scheduled around cure time. Needs: satellite measurement, photo intake, proposal template, SMS/email, calendar.

Wedge

Quote-and-close agent for garage floor coatings (photo in, tiered signed proposal out).

Price ceiling (cited incumbent prices)

- Builder Prime: \$79/mo Startup; \$159/mo Essentials; \$239/mo Growth (billed annually); alt per-user model \$300/mo platform + \$60 core user + \$10 field user (<https://www.builderprime.com/pricing>)
- DripJobs: \$97/mo (Pro); \$147/mo (Advanced); no contracts (<https://dripjobs.com/pricing>)
- QuotelQ: \$29.99/mo (Essentials) to \$699/mo (Max); 14-day free trial; no per-user fees (<https://myquoteiq.com/epoxy-garage-floor-coating-companies-crm/>)

Fragmentation

5/5. Check signer: owner-operator (one- to few-crew coating contractors; vendors price \$30-\$150/mo with no per-user fees). Public-price incumbents: 3. Gatekeeper: no (franchisors only: GarageExperts requires ServiceMinder; Garage Force uses proprietary CRM; franchises are a minority of installers). Top-4 share: no company >5% (IBISWorld Flooring Installation Services, proxy); installer level 'fragmented' (Ken Research US concrete floor coatings).

11. Lawn care & landscape maintenance

Status	QUALIFIED
NAICS	561730
Method score	11.0 = ad score 7.0 (mean of best two verified tools) + fragmentation 4/5.
Passing tools	ServiceTitan, HindSite Software / FieldCentral.
Boring test	3/3 — Weekly routes, per-visit invoicing, seasonal contracts.
US establishments	692777 (2025, https://www.ibisworld.com/united-states/number-of-businesses/landscaping-services/1497/); share <20 employees: unverified.

What the incumbent SaaS does

- Core jobs: recurring-visit scheduling (weekly/biweekly), route optimization, quoting from property measurement, invoicing and auto-billing, job costing/budgeting for construction (LMN), automations on job/invoice events (Service Autopilot), chemical tracking (Yardbook paid tier).
- Incumbents: Service Autopilot (\$49/mo + \$97 setup, Xplor-owned, 90 staff), RealGreen (WorkWave/PE, quote-based), LMN (\$297/mo, now under SingleOps), Yardbook (free tier, Phoenix), FieldCentral (\$49.97/user + \$103.97 base), QuotelQ, ServiceTitan lawn landing page.
- Weakest evidence: share of firms under 20 employees not captured from Census; concentration statement comes from a Lawnstarter blog citing IBISWorld/NALP rather than a primary snippet.

The agent version

Inbound lead → priced recurring-service proposal → schedule slot on the existing route → auto-invoice after each visit → chase late payers by text. Needs: SMS/email, property-measurement source (satellite or the incumbent's measurement API), calendar, Stripe/QuickBooks. Done = a signed recurring agreement on the calendar with card on file.

Wedge

Quote-and-book agent for mowing/maintenance leads (address in, signed recurring proposal out).

Price ceiling (cited incumbent prices)

- HindSite Software / FieldCentral: \$49.97/user/mo + \$103.97/mo base (per <https://www.capterra.com/p/10020754/FieldCentral/>); 6 tiers ~\$277 to \$1000+/mo (<https://www.fieldcentral.com/pricing>)
- LMN (Landscape Management Network): \$297/mo Starter (1 office + 5 crew licenses); Professional \$598/mo; implementation \$847 (<https://golmn.com/pricing/>)
- QuotelQ: \$29.99/mo Essentials (1 user); Elite \$299; Max \$699 per <https://contractortoolstack.com/software/quotelq/pricing/> (<https://myquotelq.com/pricing/>)
- RealGreen by WorkWave: ~\$199/mo (third-party estimate, <https://softwarefinder.com/fleet-management-software/realgreen-by-workwave>) (<https://www.realgreen.com/pricing>)
- Service Autopilot: \$49/mo Startup + \$97 sign-up fee; Pro \$199; Pro Plus \$499; Elite custom (per <https://fervorstudio.ca/news/service-autopilot-review-pricing-alternatives/>) (<https://www.capterra.com/p/122075/Service-Autopilot/pricing/>)

plus 1 more cited prices in ideas_ranked.md

Fragmentation

4/5. Check signer: owner-operator (typical firm 2-3 employees per Lawnstarter). Public-price incumbents: 4. Gatekeeper: franchise-only (independents unconstrained: yes) — Lawn Doctor FDD: franchisees must license the Lawn Care Management Software Suite (Service Assistant, Routing Assistant, Customer Assistant Website, Mobile

Live) and use QuickBooks Online. Weed Man: proprietary computer system developed exclusively for Weed Man (<https://weedmanfranchise.com/About/Our-System>); a specific FDD software fee was not fo. Top-4 share: unverified; statement: IBISWorld: Landscaping Services in the US has low market share concentration; BrightView Holdings is the largest company; share percentage not stated in results..

12. Residential painting contractors

Status	QUALIFIED
NAICS	238320
Method score	11.0 = ad score 7.0 (mean of best two verified tools) + fragmentation 4/5.
Passing tools	DripJobs, PaintScout.
Boring test	3/3 — Square-foot estimating, crew scheduling, lead-paint (RRP) paperwork.
US establishments	219,542 businesses (IBISWorld Painting & Wall Covering Contractors in the US) (2026, https://www.ibisworld.com/united-states/number-of-businesses/painters/187/); share <20 employees: unverified.

What the incumbent SaaS does

- Core jobs: room-by-room production-rate estimating (PaintScout), automated lead follow-up / drip sequences and proposals (DripJobs), paint-quantity calculators and Good/Better/Best options (QuotelQ), scheduling, invoicing, job costing.
- Weakest evidence: PaintScout pricing conflicts across roundups (\$79-\$99 vs \$119 + \$99); PaintScout/Bolster ownership and headcount unverified; painting franchisors' mandated CRMs not searched.

The agent version

Room/exterior photos + sq ft → estimate with paint/labor takeoff → schedule crew → RRP lead-paint documentation for pre-1978 homes → invoice. Needs: photo intake, estimating rules, EPA RRP checklist templates, calendar.

Wedge

Estimate-plus-RRP-paperwork agent for residential painters.

Price ceiling (cited incumbent prices)

- DripJobs: \$97/mo Pro; \$147/mo Advanced; add-ons: Chat \$25/mo, Production Rates \$99/mo, Job Costing \$49/mo (<https://dripjobs.com/pricing>)
- Estimate Rocket: \$139/mo (per SelectHub/SoftwareWorld results citing Capterra) (<https://www.estimatorocket.com/pricing>)
- PaintPricing: Free tier (free forever calculator per result) (<https://paintpricing.com/>)
- PaintScout: \$79-\$99/user/mo (estimating only); another roundup: ~\$119/user/mo + \$99/mo Operations add-on (<https://www.paintscout.com/demo/>)
- QuotelQ: \$29.99/mo (<https://myquoteiq.com/pricing/>)

Fragmentation

4/5. Check signer: owner-operator (solo painters to \$2-6M operations; founder-built tools like DripJobs). Public-price incumbents: 3. Gatekeeper: franchise-only (independents unconstrained: yes) — CertaPro Painters FDD: franchisees must obtain the proprietary CertaOne software from CertaPro (\$70/user/mo owners and office, \$30/user/mo sales and production), \$7,500 technology setup fee, \$85/mo technology fee. Binds franchisees only.. Top-4 share: unverified; statement: IBISWorld: Painters in the US has low market share concentration; largest business is FD Thomas Inc.; 267,675 businesses (2024); market size \$49.0bn (2026)..

13. HVAC contractors

Status	QUALIFIED
NAICS	238220
Method score	10.5 = ad score 6.5 (mean of best two verified tools) + fragmentation 4/5.
Passing tools	Housecall Pro, ServiceTrade.
Boring test	2/3 — Maintenance agreements, dispatch, EPA/permit paperwork.
US establishments	120461 (2026, https://www.ibisworld.com/united-states/number-of-businesses/heating-air-conditioning-contractors/1945/); share <20 employees: unverified.
Meta rescape queued	ServiceTrade, Workiz.

What the incumbent SaaS does

- Core jobs: dispatch to nearest tech, maintenance-agreement renewals, flat-rate pricing, invoicing with QuickBooks sync (FieldEdge, Successware, Aptora), inventory, and Manual J load calcs for equipment quotes (Cool Calc, AutoHVAC, Wrightsoft).
- Weakest evidence: FieldEdge/Successware/Aptora pricing, headcount, and ownership went unverified; franchise software mandates (One Hour, etc.) not checked.

The agent version

Maintenance-agreement renewals and tune-up scheduling → permit pulls → EPA 608 refrigerant log → invoice. Needs: SMS, permit portals, calendar, log templates.

Wedge

Maintenance-agreement renewal and permit agent for small HVAC shops.

Price ceiling (cited incumbent prices)

- AutoHVAC: first Manual J free (per page title) (<https://autohvac.ai/manual-j-cost>)
- OnCall Air: \$149/mo (<https://www.oncallair.com/pricing>)

Fragmentation

4/5. Check signer: owner-operator ('about 70% of the firms are independents with fewer than 10 employees'). Public-price incumbents: 4. Gatekeeper: unverified (franchise search not run — budget exhausted). Top-4 share: largest single player under 2% share (IBISWorld 2026 via withorbital); IBISWorld: low concentration, largest = Emcor Group.

Ad audit

14. Fire extinguisher & fire alarm inspection companies

Status	QUALIFIED
NAICS	561621
Method score	10.5 = ad score 5.5 (mean of best two verified tools) + fragmentation 5/5.
Passing tools	Inspect Point, ServiceTrade.
Boring test	3/3 — Tag/inspection cycles, AHJ reports, deficiency quotes.
US establishments	unverified (unverified, https://www.ibisworld.com/united-states/industry/fire-protection-and-security-system-installation-contractors/6486/); share <20 employees: unverified.
Meta rescrpe queued	ServiceTrade.

What the incumbent SaaS does

- Incumbents' jobs: NFPA 10/25/72 inspection forms on tablet, deficiency-to-quote workflow, recurring service agreements, AHJ report submission (Inspect Point, Uptick, ServiceTrade, BuildingReports, KomplyOS, Essential, FireInspect, ZenFire).
- Weakest evidence: no 561621 establishment count; ZenFire and Essential pricing only third-party or quote-based; ServiceTrade price came from a competitor's article, not its site.

The agent version

Tag/inspection cycles per site → inspection results captured → AHJ report filed → deficiency quotes.
Needs: report templates, AHJ email/portals, quoting rules.

Wedge

Inspection-report-to-AHJ filing agent.

Price ceiling (cited incumbent prices)

- Essential: quote (no setup fees, month-to-month) (<https://www.withessential.com/pricing>)
- FireInspect: \$79/month flat (<https://fireinspectapp.com/fire-alarm-inspection-software>)
- KomplyOS: \$249/month Starter (5 users, 15 buildings); \$699/month Professional (15 users) (<https://www.komplyos.com/pricing>)
- ServiceTrade: \$180/user/month (third-party listing) (<https://buildops.com/resources/fire-alarm-inspection-report-software>)
- Uptick: custom per-user monthly fee (not published) (<https://www.uptickhq.com/pricing>)

Fragmentation

5/5. Check signer: owner of small fire protection contractor. Public-price incumbents: 3. Gatekeeper: none found in searches (AHJ third-party reporting portals exist in some jurisdictions but did not surface). Top-4 share: no company >5% share.

Ad audit

15. Food trucks

Status	QUALIFIED
NAICS	722330
Method score	10.5 = ad score 5.5 (mean of best two verified tools) + fragmentation 5/5.
Passing tools	Roaming Hunger (vendor portal), Truckster (vendor platform).
Boring test	3/3 — Event booking, permits/commissary paperwork, catering quotes.
US establishments	92,257 (IBISWorld Food Trucks) (2025, https://www.ibisworld.com/united-states/number-of-businesses/food-trucks/4322/); share <20 employees: unverified.

What the incumbent SaaS does

- Core jobs: POS/online ordering, location and event calendar, catering quotes and deposits, permit/commissary compliance records, staff scheduling, marketplace listings for bookings.
- Incumbents: Food Truck OS (\$29/mo), HubPlate (\$99/mo), Truckster vendor app (\$25/mo, 10 staff, unfunded), Roaming Hunger (per-booking fees, 35 staff), Food Truck Lineup, Catermonkey (\$63-\$247/mo), Homebase and Square pages.
- Weakest evidence: buyers are tiny and high-churn (92,257 trucks, +16.9%/yr); Truckster price is a third-party figure; Food Truck OS and HubPlate have no headcount; ad-spend likely concentrated in Square/Toast rather than niche tools.

The agent version

Event inquiry → quote with minimums and menu → deposit collected → commissary and city permit renewals plus health-inspection documents filed on schedule → weekly location calendar posted to every channel. Needs: email/SMS, payments, permit portals, social posting.

Wedge

Catering-quote and permit-renewal agent for food trucks.

Price ceiling (cited incumbent prices)

- Catermonkey: \$63-\$247/mo (TrustRadius); one tier \$85/mo; 14-day free trial, cancel monthly (<https://catermonkey.com/en/prices/>)
- Food Truck OS: \$29/mo flat; 14-day free trial (<https://foodtruckone.com/>)
- Homebase (food truck page): free scheduling/time tracking tier (<https://www.joinhomebase.com/food-truck-catering-event-management>)
- HubPlate: \$99/mo flat per truck, zero transaction commissions, BYOD (<https://www.hubplate.app/blog/best-pos-system-for-food-trucks-in-2026>)
- Roaming Hunger (vendor portal): vendor fees charged per facilitated booking; amount unverified (<https://roaminghunger.com/catering/questions-and-answers/>)

plus 2 more cited prices in ideas_ranked.md

Fragmentation

5/5. Check signer: owner-operator (truck owner; \$25-\$99/mo flat tools). Public-price incumbents: 4. Gatekeeper: none found (commissaries/city permits are compliance gates, not software mandates; Square is default but optional). Top-4 share: no company >5%; top 50 ~20% of revenue; 91% independently owned.

Ad audit

16. Deck & patio builders

Status	QUALIFIED
NAICS	236118
Method score	10.0 = ad score 6.0 (mean of best two verified tools) + fragmentation 4/5.
Passing tools	Builder Prime, Houzz Pro.
Boring test	3/3 — Permit drawings, material takeoffs, seasonal backlog.
US establishments	unverified (search budget exhausted before this check) — unverified; share <20 employees: unverified.
Meta rescape queued	JobNimbus.

What the incumbent SaaS does

- Core jobs: lead tracking, board-level material estimating with tiered lumber/composite pricing, weather-aware scheduling, permits/inspections, deposit-to-final invoicing (Projul, Builder Prime, JobNimbus, Houzz Pro, QuotelQ landing pages).

The agent version

Deck design brief → permit drawing package → material list → schedule. Needs: permit portals, drawing template.

Wedge

Deck permit-package agent.

Fragmentation

4/5. Check signer: owner-operator (deck builders). Public-price incumbents: 2. Gatekeeper: franchise-only (independents unconstrained: yes) — Archadeck Outdoor Living FDD requires franchisees to purchase SoftPlan design software (\$2,000, non-refundable); no CRM/FSM mandate named. Binds franchisees only. NADRA lists no endorsed software partner in results (<https://www.nadra.org/membership>).. Top-4 share: unverified; statement: IBISWorld: Deck & Patio Construction industry is highly fragmented with no companies holding a market share greater than 5%; 6,746 businesses; \$1.3bn (2024)..

Ad audit

Tool	Score	Pass	Meta active / 60d / 120d	Google ads / pass-90d (first shown)	LinkedIn	HC	Flags

<https://myquoteiq.com/top-10-best-job-management-software-for-hardscaping-contractors-in-2026/>

17. Independent used car dealers

Status	QUALIFIED
NAICS	441120
Method score	10.0 = ad score 5.0 (mean of best two verified tools) + fragmentation 5/5.
Passing tools	AutoRaptor CRM, Wayne Reaves Software.
Boring test	3/3 — Title/DMV paperwork, BHPH collections, inventory listings.
US establishments	38,000+ (NIADA 'represents over 38,000 used vehicle dealers') (unverified, https://en.wikipedia.org/wiki/National_Independent_Automobile_Dealers_Association); share <20 employees: unverified.

What the incumbent SaaS does

- Core jobs: inventory and desking, deal documents/e-contracting, BHPH loan servicing and collections, CRM/text follow-up, online listings and dealer website, QuickBooks accounting.
- Incumbents: Frazer (\$129/mo, 54 staff, founded 1985), DealerCenter/Nowcom (\$79/mo DMS, 700+ staff, Westlake sister), AutoManager (\$88/mo, 48 staff), Wayne Reaves (\$79/mo, 11-50 staff), Selly (\$140/user/mo, 19 staff), AutoRaptor (\$299/mo, 14 staff), MSP BHPH.
- Weakest evidence: establishment count is NIADA's "38,000+" (association claim, no year) vs siccode's 850; Frazer pricing sources disagree (\$119/\$129/\$199); DealerCenter effective cost depends on per-transaction fees.

The agent version

Marketplace lead → reply in minutes with availability and payment estimate → test drive scheduled → stips checklist run on the buyer → for BHPH accounts, work the delinquency queue with compliant texts. Needs: marketplace inboxes, SMS, DMS/CRM API, compliance templates.

Wedge

Lead-response and BHPH collections agent priced per rooftop.

Price ceiling (cited incumbent prices)

- AutoManager (DeskManager / WebManager): DMS from \$88/mo; CRM & text marketing \$140/mo; DMS + website \$144/mo (<https://www.automanager.com/pricing/>)
- AutoRaptor CRM: from \$299/mo (<https://www.softwaresuggest.com/autoraptor>); per-user model (<https://www.autoraptor.com/pricing/>)
- DealerCenter (Nowcom): DMS \$79/mo; CRM Plus \$99/mo; CRM Pro \$199/mo (<https://softwarefinder.com/accounting-software/dealercenter>); FAST DMS \$60/mo, BHPH \$50/mo (<https://www.saasworthy.com/product/dealercenter/pricing>); realistic stacks >\$500/mo (<https://www.dealervlo.com/blog/dealercenter-pricing-explained>) (<https://www.dealercenter.com/pricing/>)
- Frazer DMS (Frazer Computing): \$129/mo (\$387/quarter, \$1,299/yr) per <https://www.chatref.ai/kb/guides/frazer-dealer-software-cost>; desktop \$119/mo, hosted from \$199/mo per <https://www.selecthub.com/p/dealer-management-systems/frazer/> (<https://www.frazer.com/frazer-pricing>)
- Selly Automotive: from \$140/user/mo (also cited \$130/mo) (<https://subscribed.fyi/selly-automotive/pricing/>)

plus 1 more cited prices in ideas_ranked.md

Fragmentation

5/5. Check signer: owner-operator (independent lot owner; DMS \$60-\$199/mo month-to-month). Public-price incumbents: 4. Gatekeeper: none found (NIADA has no software mandate; Westlake/DealerCenter lender tie is optional). Top-4 share: CarMax 15.4% of industry revenue (IBISWorld); market 'highly fragmented' (CarMax 10-K).

Ad audit

Tool	Score	Pass	Meta active / 60d / 120d	Google ads / pass-90d (first shown)	LinkedIn	HC	Flags

18. Small residential property managers

Status	QUALIFIED
NAICS	531311
Method score	10.0 = ad score 5.0 (mean of best two verified tools) + fragmentation 5/5.
Passing tools	Innago, Rentec Direct.
Boring test	3/3 — Rent collection, maintenance dispatch, lease paperwork.
US establishments	55,347 establishments; 39,462 businesses (2020, https://www.naics.com/naics-code-description/?code=531311); share <20 employees: unverified.

The agent version

Prospect inquiry → showing scheduled → application and screening run → late-rent chasing by text → maintenance request triaged to a vendor with owner approval → monthly owner report drafted.
Needs: listing inboxes, SMS/email, screening API, vendor list, accounting export.

Wedge

Leasing-and-maintenance agent for sub-100-unit managers.

Price ceiling (cited incumbent prices)

- AppFolio: ~\$298/mo minimum, from \$1.40/unit; went quote-only in 2026 (<https://renpro.com/property-management-software-pricing-comparison/>)
- Buildium: Essential \$62/mo; Growth \$192/mo; Premium \$400/mo (third-party comparison; TurboTenant blog says \$58/mo) (<https://renpro.com/property-management-software-pricing-comparison/>)
- DoorLoop: \$69/\$119/\$179 per mo promo for up to 20 units; standard \$99/\$189/\$239 (annual) (<https://www.doorloop.com/blog/appfolio-vs-buildium>)
- Innago: free (no license fees; tenant-paid fees) (<https://innago.com/pricing/>)
- Rentec Direct: Starter \$25/mo (up to 10 properties); Pro and PM from \$50/mo; no setup fees (<https://www.rentecdirect.com/pricing>)

plus 4 more cited prices in ideas_ranked.md

Fragmentation

5/5. Check signer: owner of a small property-management firm or self-managing landlord (flat per-account or per-unit pricing from free to \$69/mo). Public-price incumbents: 7. Gatekeeper: no for independents (Real Property Management franchisees must use AppFolio + LeadSimple; franchise is a small share of 340k businesses). Top-4 share: no company >5% (IBISWorld Residential Property Managers); low concentration, largest Prologis (Property Management).

Ad audit

Tool	Score	Pass	Meta active / 60d / 120d	Google ads / pass-90d (first shown)	LinkedIn	HC	Flags

19. Foundation repair & basement waterproofing contractors

Status	QUALIFIED
NAICS	238190
Method score	9.0 = ad score 6.0 (mean of best two verified tools) + fragmentation 3/5.
Passing tools	Builder Prime, Contractor Accelerator.
Boring test	3/3 — Engineer letters, lifetime-warranty transfers, financing paperwork.
US establishments	6,106 establishments (NAICS 238190, Census 2020); 48,569 employees (2020) (2020, https://naicslist.com/naics/238190); share <20 employees: unverified.

What the incumbent SaaS does

- Core jobs: lead intake, in-home estimating with photos, production scheduling, job costing, payments (Builder Prime, Contractor Accelerator, QuotelQ).

The agent version

Inspection photos → repair proposal → engineer letter request → warranty transfer paperwork → financing application. Needs: photo intake, proposal template, email.

Wedge

Proposal and warranty-transfer paperwork agent.

Fragmentation

3/5. Check signer: owner-operator (foundation repair / waterproofing contractors). Public-price incumbents: 1. Gatekeeper: unverified (independents unconstrained: yes) — No franchisor software mandate located in results. Basement Repair Specialists franchise has proprietary estimating software coupled with a CRM (<https://www.franchisegator.com/franchises/basement-repair-specialists/>) but mandate status unverified. Supportworks dealer network offers SolutionView sales-presentation software to dealers (<https://go.supportworks.com>). Top-4 share: unverified; statement: IBISWorld: Waterproofing Contractors industry is highly fragmented with no companies holding a market share greater than 5%; \$5.0bn (2024). Foundation repair services market described as highly fragme.

Ad audit

Tool	Score	Pass	Meta active / 60d / 120d	Google ads / pass-90d (first shown)	LinkedIn	HC	Flags

20. Fire sprinkler contractors

Status	QUALIFIED
NAICS	238220
Method score	8.5 = ad score 5.5 (mean of best two verified tools) + fragmentation 3/5.
Passing tools	Inspect Point, BuildOps, ServiceTrade.
Boring test	3/3 — NFPA 25 inspection reports, AHJ submittals, backflow/hydrostatic tests.
US establishments	19,845 (IBISWorld Fire Protection & Security System Installation Contractors) (2025, https://www.ibisworld.com/united-states/number-of-businesses/security-system-services/1491/(result-set)); https://www.ibisworld.com/united-states/industry/fire-protection-and-security-system-installation-contractors/6486/); share <20 employees: unverified.
Meta rescape queued	BuildOps, ServiceTrade.

What the incumbent SaaS does

- Core jobs: recurring NFPA 25 inspection scheduling (quarterly/annual), mobile inspection checklists tied to assets, deficiency -> quote -> work order handoff, invoicing (Inspect Point, Uptick, Essential, ServiceTrade, BuildOps).

The agent version

NFPA 25 inspection schedule per building → inspector reports converted to AHJ-format submittals → deficiency quotes → renewal. Needs: inspection form templates, AHJ portals/email, quoting rules.

Wedge

NFPA 25 report-to-AHJ submittal agent.

Price ceiling (cited incumbent prices)

- ServiceTrade: \$99-\$149 per user (technician) per month per third-party summary; office users free - <https://fieldservicesoftware.io/best-field-service-software/best-software-for-security-fire-protection-field-service-companies/>; <https://softwarefinder.com/field-service/servicetrade> (<https://new.servicetrade.com/pricing/>)

Fragmentation

3/5. Check signer: owner-operator / operations manager (IBISWorld: 90% of Uptick reviewers small companies); larger sprinkler firms buy via ops leadership. Public-price incumbents: 0. Gatekeeper: no (independents unconstrained: yes) — No fire sprinkler franchise FDD surfaced. AFSA's eight endorsed Business Solutions are 401(k), background screening, drug testing, freight, health insurance, office supplies, travel and insurance (Blue River) - no software. NFSA affinity benefits are shipping and training discounts (<https://nfsa.org/affinity/>). Software market is open (Inspect Point, ServiceT. Top-4 share: unverified; statement: IBISWorld: Fire Protection and Security System Installation Contractors industry is highly fragmented with no companies holding a market share greater than 5%; \$22.1bn (2025). CT Acquisitions: no comp.

Ad audit

Tool	Score	Pass	Meta active / 60d / 120d	Google ads / pass-90d (first shown)	LinkedIn	HC	Flags

5. Near misses and the rest of the top 50

These niches did not qualify. The first two pass the ad test with two incumbents each but sit below the fragmentation floor. The next five each have one passing vertical incumbent and full fragmentation; a second passing tool would qualify them, and Meta data is unverified for most of their tools. Cards for these seven are shown in full; the rest are summarised.

21. Carpet & upholstery cleaning

Status	passes ad test; fragmentation below 3 (Filter 4) — horizontal-only pass
NAICS	561740
Method score	9.5 = ad score 7.5 (mean of best two verified tools) + fragmentation 2/5.
Passing tools	Housecall Pro, Jobber.
Boring test	3/3 — Room-count quoting, route scheduling, reminders.
US establishments	41611 (2026, https://www.ibisworld.com/united-states/number-of-businesses/carpet-cleaning/1498/); share <20 employees: unverified.

What the incumbent SaaS does

- Core jobs: job booking, quoting, technician assignment, invoicing/payments, marketing/reminders for repeat cleanings (ServiceMonster claims >75% client retention), tips/payout tracking (Fieldd).

The agent version

Room-count quote → route slot → reminders → invoice → 6-month rebook. Needs: SMS, calendar, payments.

Wedge

Rebooking agent for carpet cleaners.

Fragmentation

2/5. Check signer: owner-operator (solo/small truck-mount operators). Public-price incumbents: 0. Gatekeeper: franchise-only (independents unconstrained: yes) — Chem-Dry FDD: franchisees are required to use Chem-Dry's web-based Customer Management System (CRM fee \$100-\$450/mo plus up to \$500 data import) and OnTrack scheduling/billing suite. Stanley Steemer locations use Powermagic proprietary software (<https://franz.com/franchises/stanley-steemer>). Binds franchisees only.. Top-4 share: unverified; statement: IBISWorld: Carpet Cleaning in the US has low market share concentration, largest is Stanley Steemer International; concentration is low because services are provided by many small companies and buyers.

Ad audit

Tool	Score	Pass	Meta active / 60d / 120d	Google ads / pass-90d (first shown)	LinkedIn	HC	Flags

22. Trailer dealers

Status	audited, not passing
NAICS	441229
Method score	9.5 = ad score 4.5 (mean of best two verified tools) + fragmentation 5/5.
Passing tools	Blackpurl.
Boring test	3/3 — Title/registration paperwork, inventory, financing.
US establishments	2,890 (IBISWorld Truck Trailer Dealers) (2025, https://www.ibisworld.com/united-states/number-of-businesses/truck-trailer-dealers/5419/); share <20 employees: unverified.

What the incumbent SaaS does

- Core jobs: unit inventory with VIN/spec fields, quoting and deal documents (titles, registrations), parts/service, website sync and marketplace listings, floor-plan and accounting.
- Incumbents: Trailer Ops (\$500/mo, 1-10 staff, 500+ dealers), Blackpurl (\$408/mo, \$99 NATDA rate, 24 staff), EverLogic (\$129/licence, 3 min, \$4k setup), Softbase (~14 staff, bootstrapped), Motility (since 1984, 800 rooftops), Lightspeed DMS (\$450-\$3,000+/mo), SOARR.
- Weakest evidence: IBISWorld count (2,890) covers truck trailer dealers, not light cargo/utility dealers; NATDA member count not found; Softbase/Motility/SOARR have no public price.

The agent version

Unit spec sheet and photos pushed to every marketplace → inbound quote requests answered with availability and financing → title and registration packet prepared per state on sale. Needs: marketplace APIs, DMS export, state DMV forms, email/SMS.

Wedge

Listing-and-title packet agent for trailer dealers.

Price ceiling (cited incumbent prices)

- Blackpurl: Essentials \$408/mo monthly (\$388/mo annual) for 3 users, +\$127/user/mo; \$99/mo for NATDA members (<https://www.natda.org/news/why-every-trailer-dealer-needs-a-software-solution>)
- EverLogic: \$129/mo per license, 3-license minimum; mobile app \$39/mo per license; \$4,000 one-time implementation (<https://everlogic.com/price/>)
- Lightspeed DMS (trailer): \$450 to \$3,000+/mo, modular (<https://www.lightspeeddms.com/solutions/pricing/>)
- SOARR: custom (contact sales) (<https://www.soarrsolutions.com/manage>)
- Trailer Ops DMS: \$500/mo DMS + website (<https://www.trailerops.com/pricing>)

Fragmentation

5/5. Check signer: owner-operator (trailer dealership owner; flat monthly DMS \$387-\$500). Public-price incumbents: 4. Gatekeeper: none found (NATDA offers affinity pricing, not a mandate; OEMs not shown to dictate

DMS). Top-4 share: no company >5% (IBISWorld Truck Trailer Dealers).

Ad audit

Tool	Score	Pass	Meta active / 60d / 120d	Google ads / pass-90d (first shown)	LinkedIn	HC	Flags

23. Self-storage facilities

Status	audited, not passing
NAICS	531130
Method score	9.5 = ad score 4.5 (mean of best two verified tools) + fragmentation 5/5.
Passing tools	Storeganise.
Boring test	3/3 — Move-ins, auto-pay, lien/auction notices.
US establishments	32,231 companies (unverified, https://www.naics.com/naics-code-description/?code=531130); share <20 employees: unverified.

The agent version

Inquiry → unit quote and online move-in → autopay set → late-fee and lien notices run per state timeline → gate codes and cleanouts scheduled. Needs: management-software API, SMS/email, state lien templates, gate system.

Wedge

Remote-manager agent for unmanned or single-manager storage sites.

Price ceiling (cited incumbent prices)

- 6Storage: from \$75/mo (SelectHub); vendor blog cites \$0.75/unit/mo and \$30-\$100/mo tiers (<https://us.6storage.com/self-storage-software/pricing/>)
- Kinnovis: request pricing (<https://kinnovis.com/pricing/>)
- SiteLink (Storable): ~\$150/mo Web Edition (third-party) (<https://softwareconnect.com/roundups/best-self-storage-software/>)
- Stora: from \$83/mo (SelectHub) (<https://stora.co/pricing>)

- Storable Easy (Easy Storage Solutions): \$90/mo flat Basic; free trial (<https://www.capterra.com/p/112769/Self-Storage-Software/pricing/>)

plus 2 more cited prices in ideas_ranked.md

Fragmentation

5/5. Check signer: owner of a single or few-facility independent operator (~65% of US facilities are owned by operators outside the top 100). Public-price incumbents: 5. Gatekeeper: no (Self Storage Association is a trade body; REITs run in-house systems; no franchise/association software mandate found). Top-4 share: public companies/REITs own 23% of facilities, next top-100 own 13%, small operators ~65%; by square footage small operators 40%, REITs/public 38%.

24. Music schools & private music teachers

Status	audited, not passing
NAICS	611610
Method score	9.5 = ad score 4.5 (mean of best two verified tools) + fragmentation 5/5.
Passing tools	Opus1.io.
Boring test	3/3 — Lesson scheduling, make-ups, tuition.
US establishments	17,704 companies verified active (NAICS 611610 fine arts schools) (unverified, https://siccode.com/naics-code/611610/fine-arts-schools/); share <20 employees: unverified.

The agent version

Cancellation → make-up slot offered from teacher gaps → unpaid invoices chased → lapsed students re-engaged → monthly teacher payroll summary. Needs: lesson calendar API, SMS/email, payments.

Wedge

Make-up-lesson and attrition agent for multi-teacher music schools.

Price ceiling (cited incumbent prices)

- Duet (Music Teacher's Helper): \$9/mo + 1% on digital payments; 30-day trial; Online Studio add-on \$8/mo (<https://www.duetpartner.com/pricing>)
- Fons: \$19.95/mo single instructor (<https://www.capterra.com/p/171305/Fons/>)
- My Music Staff (Port 443 Inc.): \$16.95/mo + \$4.95 per additional teacher (third-party) (<https://www.musicaltrio.com/compare/best-software-solo-music-teachers>)
- Opus1.io: \$98/mo Starter; Growth \$199; Ultimate \$325 (<https://opus1.io/pricing/>)
- Teachworks: \$16.49/mo + 32¢ per lesson (Starter); Growth \$47.99; Premium \$187.99; 3-week trial (<https://www.teachworks.com/pricing>)

Fragmentation

5/5. Check signer: owner-operator (solo teachers and 1-10 teacher studios; sub-\$20/mo plans). Public-price incumbents: 5. Gatekeeper: no (franchise slice only). Top-4 share: highly fragmented; no company >5% (IBISWorld Private Music Classes).

25. Driving schools

Status	audited, not passing
NAICS	611692
Method score	9.5 = ad score 4.5 (mean of best two verified tools) + fragmentation 5/5.
Passing tools	DrivingSchoolSoftware.com (DrivingSchool.Software).
Boring test	3/3 — State-required hours logging, DMV forms, vehicle scheduling.
US establishments	23,946 (IBISWorld Driving Schools) (2025, https://www.ibisworld.com/industry-statistics/number-of-businesses/driving-schools-united-states/); share <20 employees: unverified.

What the incumbent SaaS does

- Core jobs: lesson scheduling by instructor and vehicle, student records and progress logs, online enrolment and payments, DMV/state certificate reporting, reminders to cut no-shows.
- Incumbents: Drive Scout (\$250/mo minimum), DrivingSchoolSoftware.com (3 staff, self-funded, demo-only), Teachworks (\$16.49/mo + per lesson), BookingTimes (\$61/mo, Australia), GoDribe (\$49/mo), MyDriveSchool, Drivers Ed Solutions (\$6.25/student), Software for Driving School (\$49/mo).
- Weakest evidence: several prices from roundups (GoDribe, Software for Driving School) with unknown domains; Drive Scout headcount not found; state portals confirmed as compliance gates but no vendor mandate found.

The agent version

Parent inquiry → package sold and enrolment forms collected → instructor gaps filled from the waitlist → state completion or electronic-certificate report filed after each student. Needs: SMS/email, calendar, state DMV portals.

Wedge

Enrolment-to-certificate agent covering the mandatory state filings.

Price ceiling (cited incumbent prices)

- BookingTimes: from \$61/mo (Software Suggest); ~\$39.95/mo entry and \$99/mo usage-based also cited; charged per platform + per calendar (<https://www.softwaresuggest.com/bookingtimes>)
- Drive Scout: \$50/user/mo, 5-user minimum (\$250/mo); 10% off semi-annual, 20% off annual (\$2,400/yr) (<https://drivescout.com/pricing/>)
- Drivers Ed Solutions: \$6.25 per student; packages \$600 (Registration Link; \$150 for 4 months), \$750 Standard, \$1,200 Preferred (<https://www.driversedsolutions.com/pricing.phtml>)
- DrivingSchoolSoftware.com (DrivingSchool.Software): demo only; not published (<https://www.capterra.com/p/175083/Total-Driving-School-Management/>)
- GoDribe: Basic \$49/mo, Professional \$99/mo, Enterprise \$199/mo (roundup) (<https://www.softwareadvice.com/driving-school/>)

plus 2 more cited prices in ideas_ranked.md

Fragmentation

5/5. Check signer: owner-operator (driving school owner; \$16-\$250/mo). Public-price incumbents: 4. Gatekeeper: none found (state DMV portals such as MA ATLAS and CA TVCC require electronic records/reporting but do not name a vendor). Top-4 share: no company >5% (IBISWorld Driving Schools).

26. Tutoring centers

Status	audited, not passing
NAICS	611691
Method score	9.5 = ad score 4.5 (mean of best two verified tools) + fragmentation 5/5.
Passing tools	Teachworks.
Boring test	3/3 — Session scheduling, progress reports, billing.
US establishments	7,885 companies (138,966 employees) (unverified, https://siccode.com/naics-code/611691/exam-preparation-tutoring); share <20 employees: unverified.

The agent version

Parent inquiry → diagnostic scheduled → tutor matched by subject/availability → package sold with card on file → recurring sessions scheduled → session notes to parent → missed-session rebooking → monthly billing. Needs: Teachworks/TutorCruncher API, calendar, Stripe, SMS/email. Done = enrolled student with recurring sessions and autopay.

Wedge

Enrollment and rebooking agent for tutoring centers (owner-run; inquiry follow-up is the leak).

Price ceiling (cited incumbent prices)

- Oases Online: \$99-\$699/mo plus \$299 onboarding (alt from \$16.95/mo); extra charges for SMS, templates, payments (<https://tutorbase.com/compare/oases-vs-tutorcruncher>)
- Teachworks: \$16-\$89/mo base plus per-lesson charge (third-party) (<https://www.teachngo.com/blog/best-tutoring-business-software-us>)
- TutorBird (Port 443): \$16.95/mo Basic (1 tutor) + \$4.95/mo per additional tutor/admin; 30-day trial (<https://www.capterra.com/p/181623/TutorBird/>)
- TutorCruncher: \$30-\$240/mo tiers plus 1% of revenue (pay-as-you-go) or 0.65% (Startup); enterprise custom (<https://www.capterra.com/p/145838/TutorCruncher/>)
- Tutorbase: free to use; 1% fee on invoices created; no per-user or per-lesson fees (<https://tutorbase.com/blog/how-much-does-tutoring-software-cost>)

plus 1 more cited prices in [ideas_ranked.md](#)

Fragmentation

5/5. Check signer: owner of an independent tutoring center or small agency (per-tutor pricing from \$16.95/mo). Public-price incumbents: 4. Gatekeeper: no for independents (Kumon supplies its own operational software and

Salesforce CRM to franchisees; Kumon 8.9% + Sylvan 4.5% share; 57% of centers are single-location or small chains). Top-4 share: top 10 players ~5% of revenue (2024); IBISWorld: Kumon 8.9%, Sylvan 4.5%.

Ad audit

27. Snow removal contractors

Status	audited, not passing
NAICS	561790
Method score	9.0 = ad score 5.0 (mean of best two verified tools) + fragmentation 4/5.
Passing tools	Aspire.
Boring test	3/3 — Storm dispatch, per-push/seasonal contracts, slip-and-fall logs.
US establishments	114244 (2025, https://www.ibisworld.com/united-states/number-of-businesses/snowplowing-services/5400/); share <20 employees: unverified.

What the incumbent SaaS does

- Core jobs: seasonal vs per-push contract pricing, storm-night crew dispatch, proof-of-service photos and timestamps for slip-and-fall liability (Yeti), salt/equipment inventory, site-based pricing, budget-based estimating for landscape+snow hybrids (LMN).
- Incumbents: Yeti Software (\$95/mo, site-count pricing, snow-only origin), LMN (\$297), QuoteIQ (\$29.99), Aspire (enterprise). Jobber/Housecall Pro cited as needing workarounds for snow billing.
- Weakest evidence: IBISWorld count (114,244) is a proxy (many are landscapers with winter divisions); Yeti founding year and headcount unverified; no concentration figure beyond "highly fragmented" phrasing.

The agent version

Forecast watch → pre-storm crew staging texts → per-push service confirmations with timestamped photos to property managers → seasonal/per-push invoice and slip-and-fall liability log. Needs: weather API, crew SMS, photo capture, PDF log, invoicing.

Wedge

Storm-event proof-of-service and liability log agent for commercial snow contracts.

Price ceiling (cited incumbent prices)

- LMN (Landscape Management Network): \$297/mo Starter (1 office + 5 crew licenses); Professional \$598/mo; implementation \$847 (<https://golmn.com/pricing/>)
- QuoteIQ: \$29.99/mo Essentials (1 user); Elite \$299; Max \$699 per <https://contractortoolstack.com/software/quoteiq/pricing/> (<https://myquoteiq.com/pricing/>)
- Yeti Software (Yeti Snow): \$95/mo High Performance (free Test Drive plan; Enterprise custom) per <https://softwarefinder.com/field-service/yeti-software> (<https://yetisoftware.com/pricing/>)

Fragmentation

4/5. Check signer: owner-operator (landscapers running winter divisions; commercial contracts). Public-price incumbents: 3. Gatekeeper: unverified (gatekeeper searches not run; session WebSearch budget exhausted). Top-4 share: described as highly fragmented (share unverified).

Ad audit

Tool	Score	Pass	Meta active / 60d / 120d	Google ads / pass-90d (first shown)	LinkedIn	HC	Flags

Ranks 28 to 50, summarised

#	Niche	Score	Passing tool	Wedge (hypothesis)
28	Independent auto repair shops	9.0	none	Approval and declined-work follow-up agent as an add-on to the shop system.
29	Independent tire shops	9.0	none	Tire-quote agent that answers the phone, quotes by size in 60 seconds, and books the bay.
30	Boutique fitness & yoga studios	9.0	none	Intro-offer-to-member conversion agent for boutique studios (incumbents run drips; nobody closes the conversion by text).
31	Medical billing companies	9.0	none	Denial-management agent for small billing companies: works the 835 denial queue overnight and drafts appeals before the biller logs in.
32	Courier & last-mile delivery companies	9.0	Shipday	Order-to-dispatch agent for regional couriers still keying emailed orders into dispatch by hand.
33	Boat dealers & marinas	9.0	none	Slip-renewal and inquiry-response agent for marinas and small boat dealers (Dockwa users still call every renewal).
34	Laundromats	9.0	CleanCloud	Pickup-and-delivery growth agent for laundromats.
35	Pet grooming salons & mobile groomers	9.0	none	Rebooking and route-filling agent for single-van groomers.
36	Tattoo studios	9.0	Porter	DM-to-deposit booking agent for studios whose artists lose hours a day answering Instagram inquiries.
37	Martial arts schools	9.0	Kicksite	Trial-to-member and retention agent for martial arts schools.
38	Lawn fertilization & weed control route businesses	8.5	HindSite Software / FieldCentral	Application-round scheduler plus automatic pesticide application recordkeeping.
39	Low-voltage, alarm & security camera installers	8.5	ServiceTitan	Alarm permit/registration filing agent for small low-voltage installers.
40	Gutter installation & cleaning contractors	8.5	RoofSnap	Seasonal gutter-cleaning rebooking agent.
41	Glass & glazing contractors	8.5	FieldPulse, Smart Glazier Software	Order-tracking and install-scheduling agent for glaziers.
42	Campgrounds & RV parks	8.5	none	Phone-reservation agent for small RV parks that still lose bookings to a voicemail box.
43	Photographers & photo booth operators	8.5	none	Inquiry-to-retainer agent for solo photographers and photo booth operators who respond to leads hours late.
44	Artificial turf & sports court installers	8.5	none	Address-in, signed-turf-quote-out agent that replaces the estimator's site-visit for small residential jobs (ArcSite/Moasure users draw by hand today).
45	Environmental testing labs (asbestos, lead, water)	8.5	none	Report-writing and chain-of-custody agent for small asbestos/lead/water labs that still assemble PDFs by hand outside their LIMS.
46	Private investigators	8.5	none	Case-report and billing agent for 1-5 person PI firms (CROSStrax/Trackops users still write reports from notes by hand).
47	Mortgage brokers	8.5	BNTouch	Doc-chasing and pre-approval agent for independent brokers (BNTouch/Bonzo automate drips; nobody automates the chase to a complete file).
48	Small fleet trucking companies (1-20 trucks)	8.5	TruckingOffice	IFTA filing and driver-file expiration agent for 1-20 truck fleets.
49	Construction equipment rental yards	8.5	Quipli	Quote-to-contract agent for independent equipment yards: turns a phone request into a signed, insured rental without a counter person.

#	Niche	Score	Passing tool	Wedge (hypothesis)
50	Party & event rental companies (tents, bounce houses)	8.5	none	Inquiry-to-deposit agent for party rental companies drowning in weekend quote requests.

6. Dead ends

140 of the 160 niches are not qualified. Every one is listed in dead_ends.md with the filter that stopped it and the best tools found. Consumer-facing and excluded categories were removed at seeding and never entered the list.

Killed by	Niches	Meaning
Filter 3 (fewer than 2 tools score 5+)	124	Incumbents exist and were audited, but fewer than two show long-running paid ads on verified data. Many are Meta-unverified and could move.
Filter 4 (fragmentation below 3)	2	Two incumbents pass the ad test, but the buyer side is concentrated or franchise-dominated (carpet cleaning, glass and glazing).
Filter 2 (fewer than 3 URL-cited tools)	14	Search found fewer than three incumbents with a URL. Re-run Step 2 with more searches or accept as thin.

Niches parked under Filter 2

id	Niche	URL-cited tools	Frag
25	Handyman services	1	1
26	Cabinet & countertop fabricators/installers	0	0
29	Home inspectors	0	1
30	Elevator inspection & maintenance contractors	0	0
40	Chimney sweeps & chimney repair	2	2
42	Commercial janitorial companies	2	2
44	Pest control operators	1	2
47	Junk removal	0	1
48	Roll-off dumpster rental	1	1
49	Portable toilet rental	1	1
50	Septic pumping & grease trap services	0	1
52	Water & fire damage restoration contractors	0	0
53	Crime scene, biohazard & hoarding cleanup	0	0
54	Radon mitigation contractors	0	0

7. Data quality and what is unverified

- **Meta, 571 tools.** Marked unverified (throttled). Their scores rest on Google, LinkedIn and headcount only and can only rise. The 207 tools whose verdict could flip with a Meta pass are listed in `scraper/rescrape_tools.txt`.
- **Meta sampling.** Fast mode read the newest 30 to 60 ads per page. Large advertisers (JobNimbus, Jobber and similar) can fail the 60-day test on a sample that passes on the full page. Flagged undersampled on the card.
- **Wrong or ambiguous Meta pages.** Seven generic names resolved to an unrelated Page and were zeroed; six more are flagged ambiguous. The scorer's override lists are in `scraper/score_ad_audit.py`.
- **Google.** Read from the SearchCreatives feed, up to 40 creatives per advertiser by default. Overlap test: first shown 90 or more days ago and last shown within 14 days. A handful of tools show unverified (host blocked) from the earlier cloud attempt and were never rescraped.
- **LinkedIn.** Presence and run dates from advertiser-filtered detail pages. Absence of LinkedIn ads is common for SMB tools and only costs one point.
- **Establishment counts.** Cited from IBISWorld or NAICS pages where a snippet gave a number; the sub-20-employee share needs the Census CBP API, which was unreachable, so it is unverified for all 160 niches.
- **Fragmentation.** Gatekeeper and concentration checks ran for the 13 originally qualified niches. Every software mandate found is a franchisor rule (Neighborly brands, Precision Door, Conserva) that binds franchisees only. For the other niches the score is conservative.
- **Prices.** Vendor pricing pages where available; third-party figures (Capterra, roundups) are labelled as such in `tools.csv` and on the cards.
- **Agent version, wedge and labour hours** are labelled hypotheses. They were not validated with buyers.

8. Recommended next steps

- **Close the Meta gap.** Run the queued Meta-only rescrape of the flip candidates from a different IP (phone hotspot), then rescore. Expected effect: several near-miss niches move up; no qualified niche can move down.
- **Validate the top three by talking to buyers.** Roofing (insurance-supplement assembly), irrigation (seasonal rebooking and backflow deadlines) and air duct cleaning (quote, book, photo report, annual rebook). Ten owner conversations each will tell more than another scoring pass.
- **Prefer vertical-incumbent niches over horizontal-only ones** when choosing between similar scores. A horizontal-only pass proves the trade buys software; a vertical pass proves someone already sells a niche product on paid ads.
- **Finish Step 2 for the 14 Filter-2 niches** only if one is strategically interesting; most are thin because the niche is small, not because search failed.
- **Pull Census CBP employee-size shares** from a machine with API access to replace the unverified sub-20-employee field.

Appendix A. Files in the research folder

File	What it holds
ideas_ranked.md	50 full idea cards with audit tables, notes, agent version, wedge, price ceiling, fragmentation, all evidence URLs, confidence
niches.csv	160 niches: NAICS, boring score, establishments with URL, tool counts, fragmentation, ad longevity, research status
tools.csv	1,109 tool rows: pricing URL and price, founded, headcount, funding, review counts, verification status
ad_audit.csv / ad_audit_filled.csv / ad_audit_scored.csv	Lookup URLs per tool; raw scraper output per platform; per-tool score breakdown and pass flag
niche_pass.csv, fragmentation.csv	Per-niche Step 3 pass/fail; per-niche Step 4 scoring detail
dead_ends.md	Every non-qualified niche with the filter that stopped it
aaas_angles.json, batch_notes.json	Agent-version and wedge text per niche; research notes from the batch agents
scraper/	Playwright scraper, scorer, ranked-file generator, merge tools, parallel runner, this report builder
README.md	Run status, blockers, rerun plan and the batch prompt

Appendix B. Scoring rubric

Signal	Points	Test
Meta Ad Library	+3	5 or more active US ads and 3 or more running 60 days or longer (start dates from Meta's feed)
Google Ads Transparency	+3	5 or more creatives and 3 or more first shown 90+ days ago and still shown within 14 days
LinkedIn Ad Library	+1	Advertiser present with a currently running ad
Bootstrapped or under 50 staff	+2	From a cited company page, Crunchbase, Tracxn or LinkedIn
Direct-response CTA	+1	Ad call to action is a demo, trial, quote or sign-up
Tool passes	5+	Sum of the above
Niche passes	2 tools	Two or more URL-cited tools passing
Fragmentation	0 to 5	Owner signs, 3+ public-price incumbents, no gatekeeper, low concentration; keep at 3+

Appendix C. Horizontal tools

These platforms advertise to every home-service trade. A niche whose only passing tools are on this list is marked horizontal-only: Jobber, Housecall Pro, ServiceTitan, Service Fusion, FieldPulse, Workiz, and their peers as listed in scraper/generate_ranked.py.
